About ILMB

Indigenous Languages of Manitoba Inc. is a Non-Profit Organization dedicated to ensuring the strength and survival of our Indigenous Languages. We are committed to maintaining the interconnectedness of culture and language, which have been severely impacted by the Indian Act, Residential Schools, colonialism, and intergenerational trauma. The importance of preserving and promoting these languages is key to strengthening a sense of identity and belonging in everyday life.

Indigenous Languages of Manitoba Inc. was established in 1984 by The Native Education Concerns Group to address the critical concerns of Indigenous language loss, which lead to the incorporation in 1985 as the Manitoba Association of Native Languages. Revitalizing the oral histories, promoting the importance of daily language use, and continuing the Traditions and Sacred Teachings of our Elders and Knowledge Keepers were the founding values that ILMB was built upon. Therefore, we continue to be committed to building strong connections with Indigenous communities, ensuring that resources and learning opportunities are accessible are prioritized
